Mechanical Key Action

Mechanical Stop Action - Italian Lever System

Casework: A single cabinet of wood, designed to harmonize with and adorn the Chapel architecture.

Hand carved decoration.

Front pipes of polished hammered tin.

2 Manuals and Pedal, 56/30

Wind System: In addition to an electric blower, a manually operated system of 3 single-rise cuneiform bellows, based on historic examples, is included. Also included is a mechanically-controlled automatic bellows lifting system.
